SUMMARY

I am a front-End Web Developer with a Full Stack Certificate from UW. I have strong leadership delegation skills in group settings, striving to create efficient & smoother work environments. My experience in a brick and mortar environment has led to dependability in the workplace and self sufficiency when needed. I can absorb new languages with ease in conjunction with a passion for organization and desire to overcome obstacles. I am seeking an opportunity for growth and industry experience.

LANGUAGES & SOFTWARE

- | | |

APPLICATIONS BUILT

COVID-19 WEATHER MAP | IN PROGRESS | [HTTPS://DARSHISHKA.GITHUB.IO/WEATHERMAP/USA/](https://darshishka.github.io/WeatherMap/USA/)

- Worked closely with the client to develop a visual representation of COVID-19 data, as provided from clients research/paper.
- Javascript, Google Maps API v3, Google Storage, Bootstrap
- Was submitted as part of the COVID-19 symptom challenge. <https://www.symptomchallenge.org>
- Currently a finalist

FAVORLY | [GITHUB.COM/DARSHISHKA/GroupProject3](https://github.com/Darshishka/GroupProject3) | whispering-gorge-32660.herokuapp.com/

- Made as a final group project for the UW Bootcamp together with 3 other classmates netting us an award for best UI from our professor and voted 3rd best project out of all class finals
- As part of our UI subteam I focused on UI and design elements while learning how to work with team mates to deliver a high quality finish on a strict time crunch.
- JavaScript, React, Redux, Bootstrap, Node.

WORD GUESS GAME | [GITHUB.COM/DARSHISHKA/WORD-GUESS-GAME](https://github.com/Darshishka/Word-Guess-Game) | darshishka.github.io/Word-Guess-Game/

- A Pokemon themed game of hangman made using Node.js and Javascript.

UNIT 4 GAME | [GITHUB.COM/DARSHISHKA/UNIT-4-GAME](https://github.com/Darshishka/Unit-4-Game) | darshishka.github.io/unit-4-game/

- Worked with the client

EDUCATION

- University of Washington Coding Boot Camp
Full Stack Web Development Certificate
(July '19 - Jan '20)
 - Found myself organizing groups and delegating tasks on projects.
 - Guided fellow classmates through difficulties during projects and activities.
 - Final class project awarded “Best UI/UX” as well as third overall project.
 - Challenges: Adapting to back end languages/technologies. Motivating less committed team members in a group setting.
- North Seattle Community College
 - 102 Intro to Programming (Winter 2018)
 - Javascript (Winter 2018)

EXPERIENCE

UNIVERSITY OF WASHINGTON | COVID-19 WEATHER MAP

<https://github.com/Darshishka/WeatherMap/tree/master/USA>

PROF. LES ATLAS | <https://www.linkedin.com/in/les-atlas-a06400a1/>

Full Stack Developer

August 2020 - Present

- Duties
 - Create a visual representation of the data provided
 - Design a website to host visualized data
 - Make all the above user friendly, unique and easily understandable
- Accomplishments
